- Discuss changes to prototype
- Camtasia script
- Prototype Algorithm
- Review the SRS after revisions are made

Meeting Minutes

Meeting started at 5:28 PM

Members present - Garret, Eric, Nik, Rebecca

Rebecca put a link up to the forums on the website.

Nik e-mailed Mr. Agnew about clarification for pedestrian speed (6 or 10 kph).

Mr. Agnew e-mailed us a video: <http://www.youtube.com/watch?v=I7sAdWZsPg0>

- Rebecca put embed player on website

Eric is working on the prototype.

Garret is finalizing the corrections for the SRS.

Rebecca and Nik are writing the script for the camtasia video.

Garret, Nik, and Rebecca are reading through the SRS after revisions have been made.

Eric is going to add graphical depiction of the car and pedestrian (probably using HTML Canvas) to the prototype to make the system easier to understand.

**** Make sure we retype the "How to run the prototype" section of the SRS after we finish the new prototype.

Meeting concluded at 6:48 PM
